

Dues Waiver Program

In an effort to support our members, The Phoenix Chapter of CSI has implemented a Dues Waiver Program that will:

- Allow **unemployed** and **underemployed** (working less than 30 hours per week) members to have their **chapter dues waived** and
- Allow **unemployed** members to have their **national dues paid** by the chapter

The program is designed to encourage active members in good standing to retain their membership and continue their contributions to the chapter in the event that they become unemployed or underemployed.

Eligibility requirements to qualify for the program are:

1. Member must be current in their dues at the time of renewal.
2. Member must be “active.” This is determined by regular attendance at chapter meetings.
3. Member will have active participation with one of the chapter committees.

The Due Waiver will cover 12 months of membership. Should you find employment within those 12 months, we request you notify the board of the change in your employment, update your contact information and consider a voluntary payment of your dues.

All Dues Waiver Applications will be evaluated and subsequently accepted or rejected by the board on a case by case basis.

Due Waiver Application
Return or email completed form to the Membership Chair
Alan Minker aminker@gaf.com or any chapter officer.
