 99 East Virginia Avenue Suite 140 (1 block east of Central) - Phoenix, AZ 85004

<p>MARCH 04 Fellert, Tony Evans, 480-303-9182</p> <p><i>“Acoustical Plaster”</i> 1 AIA LU w/ HSW</p> <p>An overview of acoustical plaster as it relates to the architect, client, and occupants of the space. This course will define terms used when referring to acoustics and how acoustics effects the health safety and welfare of the built environment. The course will also review the characteristics and installation methods of acoustical plaster systems with an emphasis on specification recommendations in compliance with industry codes and standards.</p>	<p>MARCH 11 DalTile, Meegan Gillett, 480-414-9100, Frederick Davis, 469-964-3246</p> <p><i>“Exterior Porcelain Pavers – The Ideal Option for Exterior Paving”</i> 1 AIA LU, ASLA</p> <p>2cm porcelain pavers are an innovative product of the tile market, introduced in the past five years. This course will compare and contrast 2cm porcelain pavers with other hardscape substrates and provide an average cost analysis of materials, proving that 2cm porcelain is the ideal option for exterior paving</p>
<p>MARCH 18 L/P Corp, Mike Bergfeldt, 480-239-5170</p> <p><i>“Factors for Specifying Treated Engineered Wood Siding (TEWS) as an Exterior Cladding in Light Commercial and Multi-Family Projects”</i> 1 AIA LU with HSW</p> <p>This will be an overview of products and building codes applicable to commercial, multi-family and residential construction. We will present and discuss options for exterior sidings and claddings.</p> <p>The L/P display truck will also be here in our parking lot for your touring.</p>	<p>MARCH 25 Roppe, Kelly Hubbard, 951-553-3301</p> <p><i>“The Metamorphosis of Rubber: A View Through LCA (Life Cycle Analysis)”</i> 1 AIA LU, IDCEC (106739), GBCI (920014581)</p> <p>The late Finnish architect and designer, Alvar Aalto, once said, “Modern Architecture does not mean the use of immature new materials; the main thing is to refine materials in a more human direction.” His insight from more than 40 years ago echoes with revived relevance as the architecture and design community has re-focused much of the dialogue about sustainable design in recent years around materials and their relationship to both people and the planet.</p>

TRL - Tempe Breakfast

NEW LOCATION

**Papago Golf Course
5595 E Karsten Way (Moreland St.)
Phoenix, AZ 85008
7:30am - 8:30am**

No Cost - Breakfast Provided - AIA Members 1-hour Credit

MARCH 05

Viracon, Connor O'Neill, 507-213-2030
1 AIA LU with HSW

"Commercial Glass School"

An overview of basic glass processes, glass history and fabrication techniques. We'll review the benefits of high-performance reflective and Low-e coatings on glass. We'll also discuss potential problems faced by the designer when using fabricated architectural glass products. The last topic for review will be the differences between soft (sputtered) coated glass products and their pyrolytic counterparts.

MARCH 28

Nichiha, Mike Hare, Border/Marvel, 602-723-1264
1 AIA LU with HSW

"Design Innovation Using Fiber Cement in Commercial Construction - Building Envelope"

May different choices of exterior cladding abound with varying degrees of weight, thickness and ease of installation. One product has emerged as a very appealing solution in many cases. Architectural Wall Panels made from fiber cement have a proven history of allowing architects to create building exteriors that are innovative, affordable, sustainable and able to create a variety of aesthetic design appearances.
