NOVEMBER MONTHLY MEETING RECAP

Roar!! By Katie Perry - We started of the November meeting watching a YouTube clip of Katie Perry at the 2015 Superbowl here in Phoenix!! Stephen A. Dudley, CBO is the Building Official for the City of Glendale. In this position, he oversees the daily activities of the Building Safety Division, including plan review, building inspections, the development services center and cross-connection control. He has been employed at the City of Glendale since 1997, working in various positions in the Building Safety Division.

Mr. Dudley is a licensed architect in the State of Arizona. He holds a Bachelor's Degree in Architecture from Arizona State University. Prior to coming to the City of Glendale, he practiced architecture for 17 years. He is also currently an adjunct faculty member at Glendale Community College, teaching classes in residential and commercial building codes.

The program was titled: **“Preparing for Large Special Events: A Public / Private Partnership”** and focused on the numerous considerations in preparing for a large event such as the Super Bowl and NCAA. This included a discussion of the key roles of the local building department, design professionals and the construction industry. He emphasized the relationship and coordination of various public and private entities. There was some great Q & A and we also made this presentation our Beta test on Periscope (Kudo's to Merrilou Peek for videoing and researching the possibility). To view we are: @PHXCSI...like I said it's a Beta test so you may want to fast forward about 14 mins. to get to the presentation.

Until next month!

Bobbi Jo Huskey
Architectural & Marketing Representative Phx
Chapter CSI - President

Air Barriers

Submitted by Jim Nisted, Dryvit Systems, Inc. for publication by CSI 11/9/2016
Originally published on Technical Services Information Bureau in December, 2012.

In recent years there has been an increased focus on the use of “air barriers.” particularly for commercial, hotel, institutional and high-rise construction. The heightened awareness of moisture intrusion, mold, and unhealthy indoor air quality on some buildings, has led researchers to re-examine and refine the air movement through exterior walls. Air movement through a building’s exterior walls is a concern as the air can carry moisture which impacts water sensitive materials, structural integrity, indoor air quality (air pollutants and microbial reservoirs) and thermal energy.

Understanding the importance of an air barrier and where it should be located, requires knowledge of the climate, building type, design pressure distribution and the building mechanical systems. There are diagnostic protocols to determine the airflow and pressures on a building.

Acoustical Lay-in Type Ceilings (Per IBC – Seismic Design Category D, E&F)

Submitted by Jim Nisted, Dryvit Systems, Inc. for publication by CSI 4/13/2016
Originally published on Technical Services Information Bureau in August, 2009.

This document covers the installation practices recognized by the Technical Services Information Bureau (TSIB) for installation of a suspension system for a lay-in acoustical tile ceiling compliant with the 2009 International Building Code (IBC). The practices listed herein are for ceilings in Seismic Design Categories D, E or F. Refer to TSIB Technical Bulletin 40.100 for Seismic Design Categories.

REFERENCED DOCUMENTS, AGENCIES AND STANDARDS:

American Society Civil Engineers (ASCE)
American Society of Testing Materials (ASTM)
California Building Code (CBC – 2007)
Ceiling and Interior Systems Construction Association (CISCA)
International Building Code (IBC).

The Rules:

- Ads are sold for 3, 6, 10 or 12 months.
- Payments are made in advance via credit card or check. Payment must be received by the 5th each month prior to publication.
- You must provide your own, high resolution, artwork and/or copy.
- Artwork and/or copy must be received by the 5th of the month prior to publication.

Website Sponsor:

- **728x90 homepage banner ad** - Banner at the bottom of the homepage.
 - 3 mo - \$140.00
 - 6 mo - \$225.00
 - 10 mo - \$330.00
 - 12 mo - \$370.00
- **728x90 interior page ad** - Banner at the bottom of the interior pages.
 - 3 mo - \$90.00
 - 6 mo - \$175.00
 - 10 mo - \$280.00
 - 12 mo - \$320.00
- **300x250 interior sidebar ad** - Banner on the right sidebar of interior pages.
 - 3 mo - \$80.00
 - 6 mo - \$150.00
 - 10 mo - \$240.00
 - 12 mo - \$275.00

Meeting Sponsor:

- \$200.00 Members
- \$250.00 Non-members
- Limited to two (2) per meeting.

Meeting Sponsorship includes:

- Complimentary attendance to Chapter meeting for one (1) guest
- Prominent Recognition (including company logo) as Chapter Meeting Sponsor in both eMail meeting notifications and Monthly Newsletter/Online website registration page
- Recognition at Chapter Meeting opening announcements
- One (1) table top display at Chapter Meeting
- Opportunity to place company literature at registration table or on dining tables
- Two minute presentation
